PREFACE

In this second edition of "Northern Affairs and National Resources Publications" certain changes have been made.

The material listed in the first edition, June 1, 1956, has been brought up-to-date as at April 1963.

As many publications which are now out of print are of continued interest and are frequently requested, their titles are retained or added with the appropriate notation. If you need them in your studies or research work, please do not apply to the Queen's Printer but ask for them at the nearest depository library of Canadian Government Publications or at the Library of the responsible Branch in the Department of Northern Affairs and National Resources, Ottawa.

You will find also a list of publications in French and one bilingual index which is carefully prepared to give, as far as possible, a complete approach to the publications.

April 1, 1963.

PRÉFACE

Quelques changements furent apportés dans la présentation et le texte de la 2^e édition de la bibliographie des "Publications du ministère du Nord canadien et des Ressources nationales".

Le matériel paru dans la 1^{re} édition de juin 1956 a été mis à jour jusqu'au 1^{er} avril 1963. Comme plusieurs publications qui sont maintenant épuisées sont encore demandées au Service des publications, leurs titres apparaissent dans la présente liste avec un avis approprié. Si vous avez besoin de ces publications dans vos études ou recherches, veuillez ne pas les demander chez l'Imprimeur de la Reine, mais dans une bibliothèque de dépôt des publications du gouvernement ou à la bibliothèque de la Division concernée du ministère du Nord canadien et des Ressources nationales, Ottawa, Ontario.

Dans cette édition vous trouverez aussi une liste complète des publications françaises ainsi qu'un index des auteurs, des titres et des sujets. Un soin particulier a été apporté dans la préparation de cet index afin de faciliter le plus possible le travail de recherches.

1^{er} avril 1963.

DUTIES, POWERS AND FUNCTIONS OF THE DEPARTMENT OF NORTHERN AFFAIRS AND NATIONAL RESOURCES

The **Department of Northern Affairs and National Resources** (previously the Department of Resources and Development) was reconstituted under its present name in December, 1953, by the *Department of Northern Affairs and National Resources Act* (S.C., 1953/54, Chapter 4) in order to give greater emphasis to its function of developing the north and administering Eskimo affairs.

The Act provides that the duties, powers and functions of the Minister extend to and include all matters, except those not by law assigned to any other department, relating to: (a) the Northwest Territories and the Yukon Territory; (b) Eskimo affairs; (c) the water resources of Canada; (d) irrigation projects and water power developments; (e) the national parks; (f) historic places and monuments; (g) the archaeology, ethnology and fauna and flora of Canada.

The Department is divided into five branches, namely, Northern Administration, National Parks, Water Resources, National Museum of Canada—Natural History Branch, National Museum of Canada—Human History Branch.

NORTHERN ADMINISTRATION BRANCH

The **Northern Administration Branch** carries out the administration of the natural resources of the Northwest Territories and the Yukon Territory; the management of certain lands and mineral rights vested in the Crown in the right of Canada in the provinces; and the administration of Eskimo affairs. It administers for the Council of the Northwest Territories the ordinances and regulations concerning education, health, welfare, municipal affairs, liquor, game, workmen's compensation and mining safety.

NATIONAL PARKS BRANCH

The **National Parks Branch** administers the National Parks of Canada, the National Historic Parks and Sites, and federal interests in the conservation, protection and management of wildlife. It administers the *National Parks Act* (R.S.C., 1952, Chapter 189, as amended) and the *Migratory Birds Convention Act* (R.S.C., 1952, Chapter 179).

WATER RESOURCES BRANCH

The **Water Resources Branch** carries on a continuing survey of the surface waters of Canada for water resources development purposes. It maintains a national inventory of water and hydro-electric resources of Canada. It investigates and studies international waterways problems and with provincial co-operation measures streamflow throughout Canada for power, irrigation and other purposes. It administers the *Dominion Water Power Act* (R.S.C., 1952, Chapter 90), the *Canada Water Conservation Assistance Act* (S.C. 1952-53, Chapter 21), and the *International River Improvements Act* (S.C., 1955, Chapter 47).

NATIONAL MUSEUM—NATURAL HISTORY BRANCH

The **Natural History Branch** of the National Museum is concerned with the collection, study, preservation, and display of material illustrating the geology and biology of Canada, which includes minerals, rocks, fossils, plants and animals.

NATIONAL MUSEUM—HUMAN HISTORY BRANCH

The **Human History Branch** of the National Museum has a similar concern with material illustrating man's evolution and adaptation to the Canadian scene. Its activities are carried on under the headings of archaeology, ethnology, and anthropology (folklore).

The **Department performs certain administrative functions** connected with the Northwest Territories, the Yukon Territory, and the Historic Sites and Monuments Board of Canada.

The Department administers the following national parks:

<i>Name of Park</i>	<i>Headquarters</i>
Banff National Park	Banff, Alta.
Cape Breton Highlands National Park	Ingonish Beach, N.S.
Elk Island National Park	Lamont, Alta.
Fundy National Park	Alma, N.B.
Georgian Bay Islands National Park	Honey Harbour, Ont.
Jasper National Park	Jasper, Alta.
Kootenay National Park	Radium Hot Springs, B.C.
Mount Revelstoke and Glacier National Parks	Revelstoke, B.C.
Point Pelee National Park	Leamington, Ont.
Prince Albert National Park	Waskesiu, Sask.
Prince Edward Island National Park	Charlottetown, P.E.I.
Terra Nova National Park	Clovertown, Nfld.
Riding Mountain National Park ..	Wasagaming, Man.
St. Lawrence Islands National Park	Mallorytown, Ont.
Waterton Lakes National Park	Waterton, Alta.
Wood Buffalo National Park	Fort Smith, N.W.T.
Yoho National Park	Field, B.C.

In addition to the above, offices of the Department are located in the following centres (branch or service designated in brackets): **St. John's**, Nfld. (Canadian Wildlife Service, Water Resources Branch); **Halifax**, N.S. (Water Resources Branch); **Sackville**, N.B. (Canadian Wildlife Service); **Rimouski**, P.Q. (Water Resources

DEPARTMENT OF NORTHERN AFFAIRS

Branch); **Quebec**, P.Q. (Canadian Wildlife Service); **Montreal**, P.Q. (Water Resources Branch); **Ottawa**, Ont. (Water Resources Branch); **Kingston**, Ont. (Canadian Wildlife Service); **Maple** (Toronto), Ont. (Canadian Wildlife Service); **Niagara Falls**, Ont. (Water Resources Branch); **North Bay**, Ont. (Water Resources Branch); **Fort Frances**, Ont. (Water Resources Branch); **Keewatin**, Ont. (Water Resources Branch); **Winnipeg**, Man. (Canadian Wildlife Service, Water Resources Branch); **Saskatoon**, Sask. (Canadian Wildlife Service); **Shaunavon**, Sask. (Water Resources Branch); **Edmonton**, Alt. (Canadian Wildlife Service, Northern Administration Branch, Water Resources Branch); **Cranbrook**, B.C., (Water Resources Branch); **Nelson**, B.C. (Water Resources Branch); **Revelstoke**, B.C. (Water Resources Branch); **Kamloops**, B.C. (Water Resources Branch); **Prince George**, B.C. (Water Resources Branch); **Vancouver**, B.C. (Canadian Wildlife Service, Water Resources Branch); **Dawson**, Y.T. (Northern Administration Branch); **Mayo**, Y.T. (Northern Administration Branch); **Whitehorse**, Y.T. (Canadian Wildlife Service, Northern Administration Branch, Water Resources Branch); **Aklavik**, N.W.T. (Canadian Wildlife Service, Northern Administration Branch); **Inuvik**, N.W.T. (Northern Administration Branch); **Fort Smith**, N.W.T. (Canadian Wildlife Service, Northern Administration Branch); **Frobisher Bay**, N.W.T. (Northern Administration Branch); **Hay River**, N.W.T. (Northern Administration Branch); and **Yellowknife**, N.W.T. (Canadian Wildlife Service, Northern Administration Branch).

Northern Service Officers are stationed at Baker Lake, N.W.T., Cambridge Bay, N.W.T., Cape Dorset, N.W.T., Churchill, Man., Fort Chimo, P.Q., Frobisher Bay, N.W.T., Great Whale River, P.Q., Hopes Advance Bay, P.Q., Rankin Inlet, N.W.T., Sugluk, P.Q., and Tuktoyaktuk, N.W.T. In addition three Northern Service Officers act as liaison officers on the east, central and west sections of the Distant Early Warning Line.

HISTORICAL NOTES

1868. July 31, The Rupert's Land Act authorized the acquisition by Canada of the Northwest Territories.
1869. June 22, Act for the Temporary Government of Rupert's Land and the North-Western Territory.
1870. May 12, Act to establish and provide for the Government of the Province of Manitoba. July 15, Northwest Territories transferred to Canada.
1871. May 16, Order of Her Majesty in Council admitting British Columbia into Confederation.
1873. Department of the Interior was established (S.C. 1873, c. 4).
1875. April 8, The Northwest Territories Act established a Lieutenant Governor and a Northwest Territories Council.
1880. All British possessions in North America and adjacent islands, except Newfoundland and its dependencies, annexed to Canada by Imperial Order in Council of July 31.
1885. Aug. 24, First census of the Northwest Territories.
1896. August, Gold discovered in the Klondyke.
1898. Forestry Branch organized in the Department of the Interior. June 13, The Yukon District established as a separate Territory.
1905. July 20, Acts to establish and provide for the Government of the Provinces of Alberta and Saskatchewan.
1909. Commission of Conservation constituted under the Conservation Act (S.C. 1909, chapter 27). National Parks Branch established superseding the Rocky Mountains Park Branch (1887).
1912. May 15, Boundaries Extension Act settling boundaries between the Northwest Territories and the Provinces of Quebec, Ontario and Manitoba. Water Power Branch organized by the Department of the Interior.
1921. Conservation Act repealed and the Commission of Conservation dissolved.
1927. All museum activities centralized in 1920 were officially designated as the National Museum of Canada.
1929. Dec. 14, Transfer of natural resources to Manitoba and Alberta.
1930. Feb. 20, Transfer of natural resources to British Columbia. Mar. 20, Transfer of natural resources to Saskatchewan.
1936. The Department of Mines and Resources was established, superseding the Departments of Mines, Interior, Indians Affairs and Immigration.
1949. Dec. 10, Canada Forestry Act assented to.
1950. January, The Department of Resources and Development was established and comprised sections of the former Departments of Mines and Resources and Reconstruction and Supply.
1952. Aug. 11-Sept 13, Sixth British Commonwealth Forestry Conference opened and adjourned in Ottawa.
1953. Dec. 16, The Department of Northern Affairs and National Resources was established, superseding the Department of Resources and Development.

Cat. No. R71-1/1961

a) PERIODICALS

North. Issued by the Northern Administration Branch. Bimonthly. 28cm.

The North is a journal of information and opinion formerly issued as a modest house organ for the Northern Administration and Lands Branch. Its paramount editorial aim is to present in readable form information and viewpoints for members of the Northern Administration Branch and others who share their interest and confidence in the future of Canada's north. Single copies of the BULLETIN, or subscriptions, are available without charge on written request to "The Editor, Northern Affairs Bulletin, Department of Northern Affairs, Ottawa," to whom letters, articles and correspondence may also be addressed.

50¢ per copy. \$3 per year. *

Cat. No. R71-10

"Inuktitut". Eskimo magazine issued by Eskimology Section, Northern Welfare Services. Irregular.

Eastern Arctic edition. (Printed in Eskimo syllabic signs.)

The new Eskimo magazine in its Eastern Arctic Eskimo version or Western Arctic version appears to be of interest to a surprisingly large number of people, ranging from anthropologists and linguists, through people who consider it as a collector's item to plain souvenir hunters.

25¢ a copy. \$1 (4 issues). *

Cat. No. R71-11

"Inuktitun". Eskimo magazine issued by Eskimology Section, Northern Welfare Service. Irregular.

Western Arctic edition. (Printed in Latin alphabet.)

25¢ per copy. \$1 (4 issues). *

Cat. No. R71-12

b) MISCELLANEOUS

Flora, fauna, and geology of the Northwest Territories. Ottawa, 1954. 35p. Illus., maps. 25cm.

15¢. per copy. *

Cat. No. R72-154

Transportation and communications in the Northwest Territories. Ottawa, 1953. 31p. Illus., map. 25cm.

15¢. per copy. *

Cat. No. R72-253

AND NATIONAL RESOURCES

Inuvik, place of man. Ottawa, 1961. Folder. Illus. 23cm.

Inuvik was the first community north of the Arctic Circle built to provide the normal facilities of a Canadian town. It was designed not only as a base for development and administration, but as a centre to bring education, medical care and new opportunities to the people of the western Arctic.

Economics of oil and gas development in Northern Canada, by G. David Quirin. Ottawa, January, 1962. 130p. Tables, graphs, maps. 25cm. Paper bound.

This report on oil and gas development in the North is a rich fund of information, and should prove most useful in looking to, and planning for, the future. It provides a wealth of detail besides suggesting a helpful approach to the understanding of northern oil and gas economics.

\$2.50 per copy. *

Cat. No. R72-2361

Helpful household hints. Ottawa, 1961. Loose-leaf. Illus. 25cm. Paper cover.

This booklet results from a thought that living conditions could be made more comfortable in the North if householders and tenants, many of whom have been accustomed to an urban environment with its attendant services, could be provided with "Do It Yourself" information and thus be able to carry out their own minor household repairs instead of having to wait until qualified help was available. The booklet attempts to provide, in simple language, instructions for the most common household repairs that may be required.

Guide to geology for visitors in Canada's National Parks, by David M. Baird. Ottawa, 1960. 144p. Illus., tables. 18cm. Paper cover.

The purpose of this book is to assist visitors in Canada's National Parks to get greater enjoyment from their experiences in these sanctuaries of nature. An understanding of the earth's crust and the geological processes that create majestic mountains, deep valleys, vast prairies and mighty rivers, increases the appreciation of these great forces of nature. It has been prepared by a scientist in terms that the average person can understand and is designed to be carried in the parks for convenient reference.

Canadian Wildlife Service: Research progress report, 1961. Ottawa, 1962. 48p. Illus., organization charts, map. 23cm. Paper cover.

The purpose of this report, which is to be issued biennially, is to record the progress of research carried on by the Canadian Wildlife Service. None of the sections of this report is complete or final. Our aim here is to state the objectives of each job that was in progress in 1961, and to tell of the findings and accomplishments to date as simply and briefly as possible.

AND NATIONAL RESOURCES

Translations of Russian game reports.

Vol. 1.—**Beaver, 1951-55**, translated by Dr. J. M. MacLennan. Ottawa, 1957. 109p. Tables, charts. 23cm. Paper cover.

The articles in this volume are all concerned with beaver biology and management.

\$0.50 per copy *

Cat. No. R69-2/1

Vol. 2.—**Muskrat, 1951-55**, translated by Dr. J. M. MacLennan. Ottawa, 1957. 224p. Tables, graphs. 23cm. Paper cover.

The articles in this volume are all concerned with muskrat biology and management.

\$1 per copy. *

Cat. No. R69-2/2

Vol. 3.—**Arctic and red foxes, 1951-55**, translated by Dr. J. M. MacLennan. Ottawa, 1958. 214p. Tables, graphs. 23cm. Paper cover.

The articles in this volume are all concerned with the biology and management of Arctic and red foxes.

\$1 per copy. *

Cat. No. R69-2/3

Vol. 4.—**Bird bazaars of Novaya Zemlya**, by S. M. Uspenski. Translated by Dr. J. M. MacLennan. Ottawa, 1958. 159p. Tables, graphs. 23cm. Paper cover.

The first three volumes in this series contained articles on the biology and management of furbearers. The present volume is the first to deal with birds, and is the first to constitute the translation of a complete book. The species of birds covered are found on the coasts of Canada as well as on those of the USSR.

\$1 per copy. *

Cat. No. R69-2/4

Vol. 5.—**Sable and squirrel, 1951-55**, translated by Dr. J. M. MacLennan. Ottawa, 1958. 145p. Tables, figs. 23cm. Paper cover.

The articles in this volume are mainly concerned with the biology of sables and squirrels.

\$1 per copy. *

Cat. No. R69-2/5

Vol. 6.—**Trapping and the fur industry, 1951-55**, translated by Dr. J. M. MacLennan. Ottawa, 1959. 158p. Tables, graphs, diags. 23cm. Paper cover.

The articles in this volume deal mainly with general problems of census of furbearing animals and the organization of trapping areas, problems not unlike those faced in Canada.

Contents.—Two families, by H. P. Sheldon.—The waterfowl highways, by Frederick C. Lincoln.

Distributed by Department of Resources and Development, Ottawa, Canada.

Out of print. *

Cat. No. R66-1046

AND NATIONAL RESOURCES

Duck problem. Ottawa. 7p. Illus. Processed. 22cm.

In the past few years ducks have caused extensive damage to cereal crops in some sections of the Prairie Provinces. The Canadian Wildlife Service, in co-operation with Provincial game branches and private organizations and individuals, has experimented with several inexpensive scaring devices designed to help you keep ducks from damaging your crops.

Cat. No. R92-1660

- National Museum of Canada, 1910 to 1960**, by Loris S. Russell. Ottawa, 1961. 37p. Illus. 23cm. Paper cover.

Contents.—Introduction.—Museum in 1910.—Administration since 1910.—Victoire Memorial Museum building.—Research programme.—Exhibition.—Education.—Summary.

50¢ per copy. *

Cat. No. R92-1861

- Human skeleton**, a manual for archaeologists, by J. E. Anderson. Illustrated by Tom Munro. Ottawa, 1962. 164p. Illus., tables. 23cm. Paper bound.

This manual of osteology is designed to assist beginning students in the laboratory study of the human skeleton and to serve as a compact guide book in the field. It is hoped that this brief outline of the osteological work of the physical anthropologist will stimulate embryo archaeologists to consider the excavation and study of burials an essential part of the total archaeological picture of a site.

\$2 per copy. *

Cat. No. R92-2062

- Report on botanical excursion to the boreal forest region in Northern Quebec and Ontario** (Field trip 7, boreal forest excursion of the 9th International Botanical Congress, 1959), by W. K. W. Baldwin and members of the excursion. Ottawa, 1962. 107p. Illus., tables, maps. 22cm. Paper cover.

Contents.—Introductory narrative account.—Geological notes and impressions.—Soil vegetation relationships in the boreal clay belts of eastern Canada.—Note on the forests in the Northern Clay Forest Sections.—A comparison of forest regions in northern Ontario and Quebec with those in Finland.—Reflections on boreal forest ecology by an Africanist.—Pteridophyta.—Floristic Notes; Spermatophyta.

Cat. No. R93-64

- 65.—**Indians of Canada**, by Diamond Jenness. 5th edition. 1960. 452p. Illus., map folded in pocket. 26cm. Cloth bound. (Anthropological series No. 15.)

The "Indians of Canada" first appeared in 1932. It proved to be so popular that the small edition of 1,500 copies was soon gone. A second edition of 2,000 was issued in 1935, and a third of 5,000 copies, in 1955. The demand still continues and, in fact, is steadily increasing with the growing interest in the history and culture of our aboriginal people. The present edition is therefore published in response to this demand. The volume is identical in both material and illustrations with those of the preceding edition.

Cat. No. R93-126

- 127.—Haida Myths illustrated in argillite carvings, by Marius Barbeau. 1953. 417p. 267 illus. (Anthropological series 32.)

Summary.—This book contains the ancient tales of the Haida, on the Queen Charlotte Islands as recorded by the author and beautifully illustrated in slate carvings by their own craftsmen, whose art is unsurpassed on our continent. The cycle begins with the native genesis or creation of the "Island" by the divine Raven; and it recounts the supernatural events in which figure Thunderbird, Bear Mother, the Dragon, Stone-Ribs, and other divinities. These are preceded by historical notes and comparisons with other stories already familiar.

1958, 3rd series. 3 black and white. 3 coloured.

Badger.—Beaver.—Canada goose.—Great horned owl.—Mink.—White-tailed deer.

25¢ per set. *

Cat. No. R96-1003

PART 4—WATER RESOURCES BRANCH

a) MISCELLANEOUS PUBLICATIONS

Reports (1st to 4th) of proceedings under the Trans-Canada Highway Act, for the fiscal years ended March 31, 1950 to 1953. Ottawa, 1950-1953. Processed.

The Trans-Canada Highway Division was transferred on September 18, 1953, from the Department of Resources and Development to the Department of Public Works.

Out of print.

Cat. No. R31-150 to 153

Hydro-electric progress in Canada. Mimeographed annual bulletin. 33cm.

1955. Bulletin No. 2476. 10p.

Review of the year's activities in central-station construction and in distribution given by provinces.

Free. †

Cat. No. R31-255

AND NATIONAL RESOURCES

List of principal water-power developments in Canada; hydro-electric and hydraulic plants with turbine capacities not less than 2,000 h.p. Mimeographed. Tables. 28cm. Annual bulletin.

Includes for water-power developments in Canada name river, owner, year (origin and completed), feed of head, units (number and h.p.), h.p. capacity (installed and ultimate).

Free. †

Cat. No. R31-355

Water-power resources of Canada. Mimeographed annual bulletin. Tables, chart. 28cm.

1955, March 15. Bulletin No. 2437. 14p.

Annual review of the water-power resources of Canada and of their development as achieved to the end of the year 1955. Resources are summarized and a brief discussion is given on such salient features as provincial distribution, growth of development, and industrial utilization.

Free. †

Cat. No. R31-455

Principal power developments in Canada. Ottawa, 1962. 51p. Tables. 24cm. (Bulletin No. 2722-61.)

This bulletin combines the bulletins formerly issued as "Principal Hydro-Electric and Hydraulic Developments in Canada" and "Principal Thermal-Electric Developments in Canada."

Limited free distribution. †

Cat. No. R31-5/1961

Dominion water power regulations (P.C. 1954-2031). Reprinted from the Canada Gazette, part 2, of January 12, 1955 (SOR/54-716). Ottawa 1955. 35p.

25¢. per copy. *

Cat. No. R32-154

Water powers of Canada. Ottawa, 1958. 76p. Illus., maps. 26cm. Paper cover.

This publication presents a review of the water power resources of Canada and their development.

Prepared in the Water Resources Branch.

\$1 per copy. *

Cat. No. R32-258

Spillway design floods; proceedings of symposium No. 1; held under the auspices of National Research Council of Canada, Associate Committee on Geodesy and Geophysics Subcommittee on Hydrology at Ottawa on 4 and 5 November, 1959. Ottawa, 1961. 304p. Tables, charts, maps, figs. 25cm. Paper cover.

Prepared in the Water Resources Branch.

\$2 per copy. *

Cat. No. R32-361/1

Evaporation; proceedings of hydrology symposium No. 2; held under the auspices of National Research Council of Canada, Associate Committee on Geodesy and Geophysics, Subcommittee on 263p. Tables, graphs, figs., maps. 25cm. Paper cover.

Prepared in the Water Resources Branch.

\$2 per copy. *

Cat. No. R32-361/2

b) SURFACE WATER SUPPLY REPORTS

Water resources papers; Surface water supply of Canada. 25cm. Paper cover.

Subdivided according to four drainages in Canada, a list is given below of the official numbers of all Water Resources Papers, dealing with surface water supply of Canada, which have been published and which are available. While some of the earlier reports cover only

DEPARTMENT OF NORTHERN AFFAIRS

Water resources papers.—Continued.

one calendar year, or one climatic year ending September 30, the more recent issues cover two climatic years. Certain issues contain a summary of the mean monthly flows for the whole period of record for those rivers for which other discharge data are given; these are marked by an asterisk.

Atlantic drainage; New Brunswick, Nova Scotia, Prince Edward Island and Newfoundland.

Note.—Before climatic years 1948-49 and 1949-50, Newfoundland and Labrador are not included.

AND NATIONAL RESOURCES

Arctic and Western Hudson Bay drainage and Mississippi drainage in Canada; British Columbia, Alberta, Saskatchewan, Manitoba, The Northwest Territories and Western Ontario.

Note.—For the years 1908 to 1919 inclusive, Reports on Hydrometric Surveys in Alberta and Saskatchewan were issued by the Department of the Interior, these reports are now out of print but copies are on file in the offices of the Water Resources Branch. The first five Water Resources Papers in this series cover Manitoba only but subsequent issues cover the whole of the drainage.

GUIDE DE L'ACHETEUR

On peut se procurer toute publication inscrite au catalogue et accompagnée d'un prix en s'adressant à l'Imprimeur de la Reine, Ottawa.

Toute commande est payable à l'avance et l'expédition des volumes ne se fait que sur réception de la remise exigible.

Pour éviter les paiements répétés de somme minimales avec chaque achat de publications du gouvernement canadien, des personnes qui prévoient acheter régulièrement des publications officielles peuvent établir un Compte de Dépôt chez l'Imprimeur de la Reine.

Des dépôts de dix (\$10.00) dollars ou plus sont acceptés auxquels le prix des publications commandées est imputé. Des relevés de compte sont ensuite expédiés régulièrement aux clients. Le solde est remboursable sur demande.

Les remises se font par mandats-poste ou chèques visés, payables au Receveur général du Canada. Les timbres-poste ne sont pas acceptés.

L'expédition postale pour colis à destination du Canada ou des États-Unis ne comporte aucuns frais supplémentaires; pour tous les autres pays, 30% pour les frais de port doit être ajouté au prix de vente.

Tous les prix sont sujets à changement sans avis préalable.

DISTRIBUTION GRATUITE

Les personnes et les institutions qui, en vertu du règlement du Trésor du 31 mars 1955 (T.B. 477983), sont autorisées à demander un exemplaire gratuit de chaque publication, doivent se servir de la Liste quotidienne publiée par l'Imprimeur de la Reine. Toutes les commandes faites par lettres ou sur une autre forme que par la Liste quotidienne doivent être accompagnées de la remise nécessaire.

EXPLICATION DES SYMBOLES

- * Vente par l'Imprimeur de la Reine.
- † Distribution par l'auteur de la publication.

ET DES RESSOURCES NATIONALES

FONCTIONS ET ATTRIBUTIONS DU MINISTÈRE DU NORD CANADIEN ET DES RESSOURCES NATIONALES

Le ministère du Nord canadien et des Ressources nationales qui a succédé au ministère des Ressources et du Développement économique) est formé de certaines divisions de l'ancien ministère des Mines et Ressources. Il a été reconstitué sous son nom actuel en décembre 1953 en vertu de la *Loi sur le ministère du Nord canadien et des Ressources nationales* (chapitre 4 des S.C. 1953-1954) afin de pouvoir veiller de plus près sur la mise en valeur du Nord canadien et l'administration des affaires des Esquimaux.

La loi prévoit que les fonctions, attributions et pouvoirs du Ministère s'appliquent et s'étendent à toutes matières non assignées par la loi à quelque autre ministère, en ce qui concerne a) les Territoires du Nord-Ouest et le territoire du Yukon; b) les Esquimaux; c) les ressources hydrauliques du Canada; d) les entreprises d'irrigation et les aménagement d'énergie hydraulique; e) les parcs nationaux; f) les lieux et monuments historique; g) l'archéologie, l'ethnologie, la faune et la flore du Canada.

Le Ministère se compose de cinq directions: administrations; régions septentrionales; parcs nationaux; ressources hydrauliques.

DIRECTION DES RÉGIONS SEPTENTRIONALES

La Direction des régions septentrionales est chargée de l'administration des ressources naturelles des Territoires du Nord-Ouest et du territoire du Yukon; de l'administration, dans les provinces, de certaines terres et certains droits miniers dévolus à la couronne du chef du Canada, et de l'administration des affaires des Esquimaux. Elle applique, pour le compte du Conseil des Territoires du Nord-Ouest, les ordonnances et règlements relatifs à l'enseignement, à l'hygiène, au bien-être, aux affaires municipales, aux boissons alcooliques, au jeu, à l'indemnisation des travailleurs et à la sécurité minière.

DIRECTION DES PARCS NATIONAUX

La Direction des parcs nationaux administre les parcs nationaux du Canada, les parcs et les lieux historiques nationaux, les intérêts du gouvernement fédéral dans la conservation, la protection et l'administration de la faune, et le Musée national du Canada. Elle est chargée d'appliquer la *Loi sur les parcs nationaux* (chapitre 189 des S.R.C. 1952, modifié) et la *Loi sur la Convention concernant les oiseaux migrateurs* (chapitre 179 des S.R.C. 1952).

DIVISION DES RESSOURCES HYDRAULIQUES

La **Division des ressources hydrauliques** fait un relevé continu des eaux de surface du Canada destiné à faciliter la mise en valeur des ressources hydrauliques. Elle tient un inventaire national des ressources hydrauliques et hydro-électriques du Canada. Elle étudie et analyse les problèmes relatifs aux voies navigables internationales et, en collaboration avec les provinces, mesure le débit des eaux dans tout le Canada en vue de faciliter la production d'énergie hydro-électrique et l'irrigation et à d'autres fins. Elle veille à l'application de la *Loi sur les forces hydrauliques du Canada* (chapitre 90 des S.R.C. 1952), de la *Loi canadienne sur l'aide à la conservation des eaux* (chapitre 21 des S.C. 1952-1953) et de la *Loi sur les ouvrages destinés à l'amélioration des cours d'eau du Canada* (chapitre 47 des S.C. 1955).

Le **Ministère remplit certaines fonctions administratives** relatives aux Territoires du Nord-Ouest, au territoire du Yukon et à la Commission des lieux et monuments historiques du Canada.

Le Ministère entretient les parcs nationaux suivants:

<i>Nom du parc</i>	<i>Centre administratif</i>
Banff	Banff (Alb.)
Hautes-Terres du Cap-Breton.....	Ingonish-Beach (N.-É.)
Elk-Island	Lamont (Alb.)
Fundy	Alma (N.-B.)
Îles de la baie Georgienne	Honey-Harbour (Ont.)
Jasper	Jasper (Alb.)
Kootenay	Radium-Hot-Springs (C.-B.)
Pointe-Pelée	Leamington (Ont.)
Prince-Albert	Waskesiu (Sask.)
Île du Prince-Édouard	Charlottetown (Île du P.-É.)
Mont Riding	Wasagaming (Man.)
Île du Saint-Laurent	Mallorytown (Ont.)
Lacs Waterton	Waterton (Alb.)
Yoho, Glacier et Mont Revelstoke ..	Field (C.-B.)
Wood-Buffalo	Fort-Smith (T. N.-O.)

En plus des parcs énumérés, le Ministère possède des bureaux dans les centres suivants (nom de la division ou du service entre parenthèses): Saint-Jean (T.N.) (Service de la faune du Canada); Halifax (N.-É.) (Direction des ressources hydrauliques); Sackville (N.-B.) (Service de la faune du Canada); Montreal (P.Q.) (Direction des ressources hydrauliques); Québec (P.Q.) (Service de la faune du Canada); Kingston (Ont.) (Service de la faune du Canada); Ottawa (Ont.) (Division des ressources hydrauliques); Winnipeg

ET DES RESSOURCES NATIONALES

(Man.) (Service de la faune du Canada, Direction des ressources hydrauliques); Saskatoon (Sask.) (Service de la faune du Canada); Banff (Alb.) (Service de la faune du Canada); Calgary (Alb.) Direction des ressources hydrauliques); Edmonton (Alb.) (Service de la faune du Canada, Direction des régions septentrionales et ses dispositions. Elle a le droit (Service de la faune du Canada, Division des ressources hydrauliques); Dawson (Yukon) (Direction des régions septentrionales); Mayo (Yukon) (Direction des régions septentrionales); Whitehorse (Yukon) (Direction des régions septentrionales); Aklavik (T. N.-O.) (Service de la faune du Canada, Direction des régions septentrionales); Fort-Smith (T. N.-O.) (Service de la faune du Canada, Direction des régions septentrionales); Hay-River (T. N.-O.) (Direction des régions septentrionales); Yellowknife (T. N.-O.) (Service de la faune du Canada, Direction des régions septentrionales et des terres).

Des fonctionnaires du Service du Nord canadien sont en poste à Churchill, Great-Whale-River, Fort Chimo, Frobisher Bay, Cambridge Bay et Cape Dorset. En outre, deux fonctionnaires de ce service remplissent des fonctions d'agents de liaison dans les tronçons est et ouest de la Ligne avancée de préalerte.

DATES HISTORIQUES

- 1868. 31 juillet, la loi de la Terre de Rupert autorise l'acquisition des Territoires du Nord-Ouest par le Canada.
- 1869. 22 juin, loi pourvoyant au gouvernement des Territoires du Nord-Ouest.
- 1870. 15 juillet, les Territoires du Nord-Ouest sont donnés au Canada et le Manitoba est admis dans la Confédération.
- 1871. 20 juillet, la Colombie-Britannique entre dans la Confédération.
- 1873. 1^{er} juillet, l'Île du Prince-Édouard admise dans la Confédération. Création du ministère de l'Intérieur (S.C. 1873, c. 4).
- 1875. 8 avril, loi des Territoires du Nord-Ouest établissant un lieutenant-gouverneur et un Conseil des Territoires du Nord-Ouest.
- 1880. 1^{er} septembre, toutes les possessions britanniques de l'Amérique du Nord ainsi que les îles adjacentes, à l'exception de Terre-Neuve et ses dépendances, sont annexés au Canada par décret impérial du 31 juillet.
- 1885. 24 août, premier recensement dans les Territoires du Nord-Ouest.
- 1896. Août, découverte d'or au Klondyke.
- 1898. 13 juin, le district du Yukon est établi territoire distinct. Le ministère de l'Intérieur organise la Division des forêts.
- 1905. 1^{er} septembre, création des provinces d'Alberta et de Saskatchewan.
- 1909. Établissement de la Commission de la conservation en vertu de la Loi de la conservation (S.C. 1909, chapitre 27). La Division des parcs nationaux remplace la Division du parc des Montagnes Rocheuses (établie en 1887).
- 1912. 15 mai, lois visant l'extension des frontières du Québec, de l'Ontario et du Manitoba. Le ministère de l'Intérieur organise la Division des pouvoirs hydrauliques.
- 1921. La Loi de la conservation est rappelée et la Commission dissoute.
- 1927. Le Musée commémoratif Victoria, fondé en 1920 est appelé le Musée national du Canada.
- 1929. 14 décembre, transfert par le gouvernement fédéral des ressources naturelles au Manitoba et à l'Alberta.
- 1930. 20 février, transfert des ressources naturelles à la Colombie-Britannique. 20 mars, transfert des ressources naturelles à la Saskatchewan.
- 1936. Le Parlement crée le ministère des Mines et Ressources à même les ministères des Mines, de l'Intérieur, des Affaires Indiennes.
- 1949. 10 décembre, la Loi sur les forêts du Canada est sanctionnée.
- 1950. Janvier, le ministère des Ressources et du Développement économique est formé de certains services des ministères des Mines et Ressources et de la Reconstruction et des Approvisionnements qui changent de noms.
- 1952. 11 août au 13 septembre, le Sixième congrès des sylviculteurs du Commonwealth Britannique est tenu à Ottawa.
- 1953. 16 décembre, le ministère du Nord canadien et des Ressources nationales remplace le ministère des Ressources et du Développement économique.

DESCRIPTION DE LA CULTURE DE L'ÎLE VERTE

par

MARCEL RIOUX

du Musée National du Canada

Vient de paraître aux presses de l'Imprimerie nationale un volume qui représente le premier maillon d'une série d'études sur le Québec, les us et coutumes de ses habitants, les phénomènes socio-culturels qui se déroulent à l'intérieur de la société québécoise contemporaine envisagée comme unité culturelle. C'est l'histoire des Dionne, des Caron, des Lévesque et leur façon d'être Canadiens, qui au dire de l'auteur, n'est ni la moins bonne ni la moins charmante qui soit.

Cette étude originale et vivante, telle que racontée par les habitants eux-mêmes, apportera au lecteur une connaissance plus précise de cette entité ethnique, croquée sur le vif, sur l'historique Île Verte que baigne le majestueux St-Laurent.

SOMMAIRE

Milieu Physique et Démographique

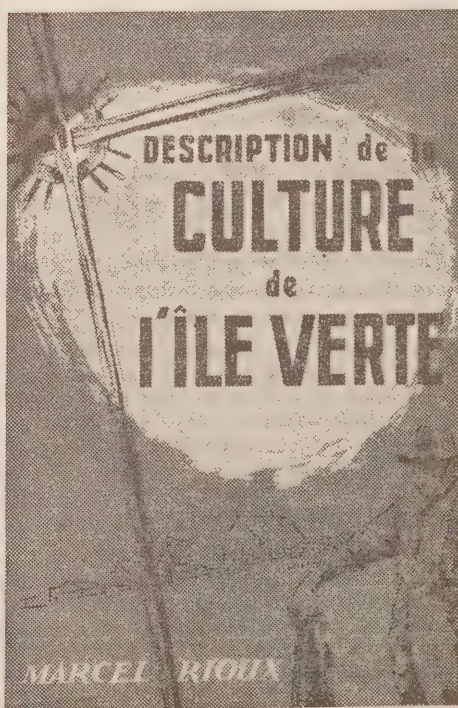

Économie et Culture Technique
Agriculture, pêche, nourriture, habitation et parure.

Culture non technique

Famille, groupes sociaux, langage, propriété, gouvernement, relations avec l'extérieur, relations sexuelles, loisirs, maladie, religion.

En appendice: glossaire, jeux de société, littérature orale (folklore), liste des chansons de folklore.

Prix \$ 1

**Les prix notés au présent Catalogue sont sujets à
changement sans avis préalable.**

**Les publications gratuites doivent être demandées aux
ministères ou organismes du gouvernement
d'où elles émanent.**

ET DES RESSOURCES NATIONALES

Ressources hydrauliques, bulletins; Eaux de surface du Canada. Ottawa. Tableaux, cartes. 25cm. Broché.

On trouvera dans la première section de ce catalogue, à la page 60, une liste où sont indiqués, pour les quatre grands bassins de drainage du Canada, les numéros officiels de tous les bulletins traitant des eaux de surface du Canada, que le Service des ressources hydrauliques a publiés et qui sont disponibles. Bien que quelques-uns des plus anciens rapports ne s'appliquent qu'à une seule année civile, ou à une année climatologique prenant fin le 30 septembre, les éditions récentes portent sur deux années climatologiques. Certaines éditions comportent un sommaire des débits mensuels moyens pour l'entière période des mesurages dans le cas des rivières au sujet desquelles sont fournies d'autres données sur le débit; ces éditions sont marquées d'un astérisque.

Bassins du Saint-Laurent et de la Baie d'Hudson méridionale. Bilingue.

Note.—Les plus anciennes publications comprises dans cette série se rapportaient uniquement à la province d'Ontario; deux volumes bilingues, traitant du Québec seulement, ont été publiés, mais dans les éditions subséquentes, les données afférentes aux deux provinces étaient présentées en un seul volume bilingue. Les seules publications bilingues sont ici mentionnées.

Bulletins
